# NEHA RAI

Front-end Developer & Project Manager

## ABOUT ME

I am a front-end developer with over 3 years of experience, skilled in HTML, CSS, JavaScript, ReactJS, Next.js, and Vue.js. I specialize in building responsive, high-performance websites optimized for speed and SEO. As a fast learner and team leader, I manage projects, guide teams, and train new developers. I am passionate about continuous growth and delivering high-quality solutions that provide excellent user experiences.

## WORK EXPERIENCE

I have been working with Radialcode pvt ltd for almost 4 years.

- I spent the first two years in my current company as a developer, and then I was promoted to the position of team leader.
- I have nearly 2 years of experience managing teams and projects. Currently, I have taken on an additional role, providing training to new students while overseeing project management.

May 2021- Present

### Language

- English
- Hindi
- Punjabi

I am also familiar with these kind of libraries and platforms.

- GSAP, AOS, Animate.css - animation
- Firebase, vercel, Netlify - Hosting
- MongoDB, Emailjs, Supabase, firebase - Data storage
- Bootstrap, Tailwind, Chakra - CSS
- Figma, Xd - Design
